CITY OF NEW ORLEANS BOARD OF ZONING ADJUSTMENTS

Composition of the Board and the Variance Process

The Board of Zoning Adjustments consists of seven citizen members appointed by the Mayor and approved by the City Council. The City Charter grants the Board the power to permit exceptions to or variations from the City's zoning regulations in accordance with the principles, conditions, and procedures set forth in Article 14 of the City's Comprehensive Zoning Ordinance.

All requests for variances are considered by the Board at a regular monthly meeting, at which the applicant or his/her representative must be in attendance to present the request and answer any questions of the Board. Regular meetings of the Board are held at 10:00 a.m. on the second Monday of each month in the City Council Chamber, which is located in Room 1E07 of City Hall. Any other interested party may speak in support of or in opposition to any variance request at the public hearing. After considering the testimony of all parties and the recommendation of the staff of the City Planning Commission, which is the City agency to which the Board is attached, the Board shall either approve, deny (with or without prejudice), or defer the variance request. An annual calendar of hearing dates and deadlines is attached to this document.

Standards for Variances

Article 14, Section 14.6 Variances of the Comprehensive Zoning Ordinance

14.6.1. Purpose and Intent

The purpose of the variance procedure is to afford an applicant relief from the requirements of the letter of the New Orleans Comprehensive Zoning Ordinance when unnecessary hardship or practical difficulty exists. The Board of Zoning Adjustments shall authorize variances in harmony with the general purpose and intent of this Ordinance and in accordance with the standards hereafter prescribed.

14.6.4. Standards for Variances

1. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district.
2. Literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance.
3. The special conditions and circumstances do not result from the actions of the applicant or any other person who may have or had interest in the property.
4. Granting the variance requested will not confer on the applicant any special privilege which is denied by this Ordinance to other lands, structures, or buildings in the same district or similarly situated.
5. The variance, if granted, will not alter the essential character of the locality.
6. Strict adherence to the regulation for the property would result in a demonstrable hardship upon the owner, as distinguished from mere inconvenience.
7. The purpose of the variance is not based exclusively upon a desire to serve the convenience or profit of the property owner or other interested party(s).
8. The granting of the variance will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located.
9. The proposed variance will not impair an adequate supply of light and air to adjacent property, or increase substantially the congestion in the public street, or increase the danger of fire, or endanger the public safety.
